About us

EasyAudit is the AI-first compliance automation platform that helps companies achieve SOC 2, ISO 27001, and HIPAA compliance in half the time. Founded by Christian Khoury, a former Deloitte Risk Advisory consultant, EasyAudit combines expert-designed workflows with large language models to eliminate manual busywork and help software companies unlock growth without costly consultants.

Fast facts

- Founded in 2023
- Headquartered in Toronto, ON, Canada
- First customer signed in September, 2024
- In July 2024, EasyAudit was selected as 1 of just 12 companies (out of 427 applicants) to join the [RevTech Labs Accelerator](#) in Charlotte, NC.
